Graduate Degree

Master of Arts in Counseling

Master of Social Work
The MSW program is currently in candidacy status with the Council on Social Work Education (CSWE). We anticipate reaching full accreditation in 2027. While some states will recognize this as appropriate to apply for an MSW or Clinical License, not all states will. It is recommended that students reach out to their social work licensing board in the state where they live to ask if the board will accept programs that are in the candidacy status of the accreditation process. The state by state listing appears below.

Master of Science in Communicative Disorders

The M.S. in Communicative Disorders program leads to professional licensure in Speech-Language Pathology or an equivalent license in any of the 50 states or the District of Columbia, either directly or through reciprocity with New Mexico. Individual state listing appears at the bottom of this document.

The Associate of Science in Speech Language Pathology Assisting
The Associate of Science in Speech Language Pathology Assisting leads to professional licensure as an SLPA in many states; however, students should be advised that not all states offer the SLPA license, and some states require a bachelor's degree in CDIS or specific CDIS coursework to meet licensure requirements. Through the advising process, each student's degree plan is individualized to meet licensing requirements applicable to their state of residence. To learn more, please contact the SLPA program director Lacy Plummer lacy.plummer@enmu.edu The SLPA program matrix by state appears at the bottom of this document.

MSW Licensure in All States	The MSW program is currently in candidacy status with the Council on Social Work Education (CSWE). We anticipate reaching full accreditation in 2027. While some states will recognize this as appropriate to apply for an MSW or Clinical License, not all states will. It is recommended that students reach out to their social work licensing board in the state where they live to ask if the board will accept programs that are in the candidacy status of the accreditation process.
